## View/Print Award Documents

### View and Print Award Documents Introduction

FastLane gives you the opportunity to view the documents associated with both active and expired awards.

The Principal Investigator (PI), Co-PIs, the Sponsored Project Office (SPO), and Authorized Organizational Representative (AOR) can access the View and Print Award Documents application.

The PI views the award documents for those awards for which he or she is PI. The SPO views the award documents for all awards of the organization he or she administers.

For both active and expired awards, you can view the following:

- The Award Letter
- Amendments to the award

*If an award is a Cooperative Agreement established after March 2005, you can also view the following:*

- The most current and past versions of the Cooperative Agreement
- The last notice sent
- The original and amended budgets
- The prior award letter (available only to PIs)
- The amended expiration dates for an award
- The list of awards for the same NSF program as the award

You may also view the Cooperative Agreement in PDF format.

Go to [View and Print Award Documents as a PI](#) or [View and Print Award Documents as an SPO/AOR](#) for instructions on beginning to view Award Documents.
